RIMAGE PROFESSIONAL™ 3410

Powerful In-house Solution Delivering Quality Results

The Rimage Professional 3410 system is a high-performance, front-office solution for automatically creating CDs, DVDs and Blu-ray Discs™ with customized digital content and direct-to-disc printing. Your business will benefit from a fully automated and intelligent in-house digital publishing solution with a low long-term cost of ownership.

Benefits

Affordable

The Rimage 3410 is the most affordable disc publishing system with a thermal printer. It is the easiest way to get Rimage quality publishing in an affordable package. All you need is a PC and you are ready to go.

Network connectivity

The standalone 3410 system can be easily networked using an external PC and Rimage Software Suite.

Integrated printer

Rimage's Everest® 400 printer is the market's only fully integrated 400 dpi printer, providing indelible, high-resolution images and sharp, easy-to-read text.

Unmatched performance

The three-bin carousel with optional 50-disc output bin enables three media types to run concurrently. Publish up to 18 full DVD-Rs (4.7 GB) and 30 full CD-Rs (700 MB) per hour with hands-free operation.

Features

Backed by decades of experience in designing and building hardware, the Rimage 3410 standard features include:

- Rimage Software Suite
- Integrated DiscWatch™ status light
- Two quick-release recorders
- LCD status display
- Rotating three-bin 150-disc carousel for input/output
- External five-disc output bin
- Integrated Everest 400 thermal retransfer printer
- Internal lighting
- USB 3.0 connectivity

Options

- Blu-ray recorders
- 50-disc external output bin
- Media Reader
